TABLE OF CONTENTS

1. Executive Summary (TL;DR)

2. Quality Score Analysis

- Distribution Analysis
- Top/Bottom Performers
- Quality Categories

3. Anomaly Detection Results

- Anomaly Type Distribution
- Most Anomalous Channels
- Correlation Analysis

4. Risk Assessment

- Risk Matrix Analysis
- Bot Rate vs Quality
- Volume Distribution

5. Geographic & Clustering Analysis

- Channel Clustering
- Geographic Distribution
- Pattern Recognition

6. Model Performance Metrics

- Quality Scoring Performance
- Anomaly Detection Metrics
- Cross-Validation Results

7. Recommendations & Action Items

- Immediate Actions
- Short-term Improvements
- Long-term Strategy
